

Washington Metropolitan Area Transit Commission

Request for Waiver of Vehicle Marking Requirements

Commission Regulation No. 61 requires that a carrier's legal name (or approved trade name) and WMATC number be displayed on the passenger and driver's side of each revenue vehicle.

WMATC routinely waives Regulation No. 61 with respect to limousines and luxury sedans seating nine persons or less, including the driver. Waivers are rarely granted for buses, vans, and minibuses. Limousines and luxury sedans seating 10-15 persons, including the driver, may be eligible for a partial waiver of Regulation No. 61. If a partial waiver is granted, the carrier's name (or approved trade name) need not be displayed, but the carrier's WMATC number must still be displayed on both sides of the applicable vehicle(s) in accordance with Regulation No. 61.

Vehicles without proper markings or a waiver will fail WMATC inspection. If a revenue vehicle does not display markings in accordance with Regulation No. 61, a waiver should be requested in advance of your scheduled inspection date.

WMATC Carrier No. Name of Carrier

Case No. Trade Name (if applicable)

On behalf of applicant, I hereby request that the vehicle marking requirements of Regulation No. 61 be waived for the following vehicle(s).

Fleet No. (if applicable)	Model Year	Make	Vehicle VIN (17 digits)	License Plate Number	State Registered	Seating Capacity (including driver)
